

NAWEA 2013 Symposium Boulder, CO

NORTH AMERICAN WIND ENERGY ACADEMY

Session Speaker

Josh Paquette, Sandia National Laboratory

The Design Challenges of Large, Deep-Water, Vertical-Axis Wind Turbine Blades

Josh Paquette is a Principle Member of the Technical Staff in the Wind Energy Technology Department at Sandia National Laboratories. He currently leads the wind turbine blade reliability and materials research efforts within the group, along with the Innovative Offshore VAWT Rotor project. Josh is a graduate of the University of Texas at Austin, where he studied solid mechanics and materials.
