

# NAWEA 2013 Symposium Boulder, CO

NORTH AMERICAN WIND ENERGY ACADEMY

## Session Speaker

Terry Root, Stanford University

*Assessing Biodiversity and Wind: A Climate Change Perspective*

Terry L. Root is a Senior Fellow/University Faculty at the Woods Institute for the Environment and a Professor, by courtesy in the Department of Biology at Stanford University. Her research addresses how wild animals and plants will adapt or not with global warming. In addition to other honors, Root was awarded the Spirit of Defenders Award for Science by the Defenders of Wildlife in 2010. Root is currently a Review Editor for the Intergovernmental Panel for Climate Change and was a lead author of the in 2001 and in 2007 when it was co-awarded the Nobel Peace Prize with Vice President Al Gore.

Root earned her undergraduate degree in Mathematics and Statistics from the University of New Mexico, her master's degree in Biology from the University of Colorado and her doctorate in Biology from Princeton University.
